## Park House School - Year 10 June Assessments

## Maths Assessment Manifest

- You will have 3 Maths papers
- Each paper will be 80 marks
- Each paper will be 90 minutes
- You are expected to spend 1 minute on each mark and then 10 minutes checking your answers.

## Foundation Tier Checklist

Number

| Topics | Red | Amber |
| :--- | :--- | :--- |
| I can find primes, factors and multiples |  |  |
| I can express a number as a product of prime factors |  |  |
| I can find the highest common factor and lowest common multiple of numbers |  |  |
| I can complete calculations involving + - x and $\div$ |  |  |
| I understand the value of each digit in a number |  |  |
| I can work out calculations using the order of operations |  |  |
| I can use a calculator in calculations |  |  |
| I can convert between fractions, decimals and percentages |  |  |
| I can add/subtract/multiply/divide fractions |  |  |
| I can round numbers and estimate calculations by rounding to 1sf |  |  |
| I can find the error interval of a number and find the upper and lower bounds |  |  |
| I can find squares, square roots, cubes and cube roots of numbers |  |  |
| I can simplify expressions involving indices |  |  |
| I can find the reciprocal of a number |  |  |
| I can change between standard form and ordinary numbers |  |  |
| I can answer problems involving standard form |  |  |
| Algebra |  |  |
|  |  |  |
| Topics |  |  |
| I can simplify algebraic expressions |  |  |
| I can substitute numbers into algebraic expressions and equations |  |  |
| I can change the subject of a formula |  |  |

| I can expand a single bracket |  |  |
| :--- | :--- | :--- |
| I can expand double brackets |  |  |
| I can factorise an expression into a single bracket |  |  |
| I can factorise quadratics into double brackets |  |  |
| I can read and draw inequalities |  |  |
| I can solve inequalities |  |  |
| I can give examples that verify an assumption and give counter examples to proof that an assumption is wrong |  |  |
| I can plot and read coordinates in all 4 quadrants |  |  |
| I can draw straight line graphs and read the gradient and y-intercept off a graph |  |  |
| I can plot quadratic, cubic and reciprocal graphs |  |  |
| I can use a function machine to find the input and the output |  |  |
| I can solve linear equations |  |  |
| I can form and solve linear equations |  |  |
| I can solve a pair of simultaneous equations |  |  |
| I can solve quadratics by factorising |  |  |
| I can find the next term and nth term of linear sequences |  |  |
| I can find the next term in geometric sequences and special sequences |  |  |

## Ratio and proportion

| Topics | Red | Amber | Green |
| :--- | :--- | :--- | :--- |
| I can write a sentence as a ratio, simplify ratios and find equivalent ratios |  |  |  |
| I can share amounts into a ratio |  |  |  |
| I can find quantities in a ratio when given one ratio or the difference |  |  |  |
| I can find percentages of amounts with and without a calculator |  |  |  |
| I can increase/decrease numbers by a percentage and calculate percentage change |  |  |  |
| I can calculate simple interest, compound interest and depreciation |  |  |  |
| I can answer reverse percentage problems |  |  |  |
| I can answer value for money problems |  |  |  |
| I can answer ingredients problems |  |  |  |
| I can calculate conversions and use conversion graphs |  |  |  |
| I can answer problems involving direct and inverse proportion |  |  |  |

| I can use exchange rates to calculate currency conversions |  |  |  |
| :---: | :---: | :---: | :---: |
| Geometry |  |  |  |
| Topics | Red | Amber | Green |
| I can find missing angles on a straight line, around a point, in triangles and in quadrilaterals |  |  |  |
| I can find missing angles in parallel lines |  |  |  |
| I can find missing angles in polygons |  |  |  |
| I can draw and measure bearings and answer bearing problems |  |  |  |
| I can answer problems involving speed, distance and time |  |  |  |
| I can answer problems involving density, mass and volume |  |  |  |
| I can answer problems involving force, pressure and area |  |  |  |
| I can transform shapes using reflection, rotation, translation and enlargement |  |  |  |
| I can describe the transformations that have taken place |  |  |  |
| I can answer problems involving column vectors |  |  |  |
| I can answer problems where I have to use Pythagoras theorem |  |  |  |
| I can find missing sides of a triangle using trigonometry |  |  |  |
| I can find missing angles of a triangle using trigonometry |  |  |  |
| I can use a compass to perform constructions and loci |  |  |  |
| I know the properties of 2D and 3D shapes |  |  |  |
| I can find the area and perimeters of shapes |  |  |  |
| I can find the area and circumference of circles and parts of circles |  |  |  |
| I can find the volumes of prisms and cylinders |  |  |  |
| I can find the surface areas of cuboids, triangular prisms and cylinders |  |  |  |
| Probability |  |  |  |
| Topics | Red | Amber | Green |
| I can use the probability scale |  |  |  |
| I can calculate the probability of an event happening |  |  |  |
| I can calculate the probability of an event not happening |  |  |  |
| I can list the outcomes of an event |  |  |  |
| I can use a sample space diagram to find the probabilities of an event happening |  |  |  |
| I can calculate the relative frequency |  |  |  |
| I can calculate the experimental probabilities |  |  |  |
| I can use probability tree diagrams to calculate probabilities |  |  |  |

I can complete a Venn diagram and use it to calculate probabilities

| Topics | Red | Amber |
| :--- | :--- | :--- |
| I can calculate averages from a list |  |  |
| I can calculate averages from frequency tables and grouped data |  |  |
| I can complete a tally charts |  |  |
| I can draw and interpret pictograms |  |  |
| I can draw and interpret bar charts, composite bar charts and dual bar charts |  |  |
| I can plot points on a scatter graphs, describe the correlation and relationship, draw the line of best fit and use the line of <br> best fit to calculate values |  |  |
| I can draw and interpret line graphs |  |  |
| I can draw and interpret pie charts |  |  |
| I can represent information in a two way table |  |  |

## Higher Tier Checklist

Number

| Topics | Red | Amber |
| :--- | :--- | :--- |
| I can express a number as a product of prime factors |  |  |
| I can find the highest common factor and lowest common multiple of numbers |  |  |
| I can complete calculations involving,,$+- x$ or $\div$ with whole numbers or decimal numbers |  |  |
| I can simplify surds |  |  |
| I can add and subtract surds |  |  |
| I can expand brackets with surds |  |  |
| I can rationalise surds |  |  |
| I can,,$+- x$ or $\div$ fractions including mixed numbers |  |  |
| I can turn between recurring decimals and fractions |  |  |
| I can use of a calculator to find the answers to calculations |  |  |
| I can estimate answers by rounding to 1 significant figures or nice numbers |  |  |
| I can find the error interval of a rounded or truncated number |  |  |
| I can find upper and lower bounds of a number |  |  |
| I can find the answer to a calculation to a suitable degree of accuracy by considering bounds |  |  |
| I can simplify expressions with fractional and negative indices |  |  |
| I can change between standard form and ordinary numbers |  |  |

| I can answer problems involving standard form |  |  |
| :--- | :--- | :--- | :--- |
| I can answer capture-recapture problems |  |  |
| Algebra |  |  |
| Topics |  |  |
| I can expand single, double and triple brackets and simplify them | Amber | Green |
| I can factorise expressions into single brackets |  |  |
| I can change the subject of a formula with one or two unknowns |  |  |
| I can complete the square on a quadratic |  |  |
| I can simplify algebraic fractions |  |  |
| I can solve equations involving algebraic fractions |  |  |
| I can answer problems involving composite and inverse functions |  |  |
| I can answer algebraic proof problems |  |  |
| I can draw straight line graphs |  |  |
| I can find the equation of a drawn line and find the equation of a line between two points |  |  |
| I can find parallel and perpendicular lines and answer problems involving them |  |  |
| I can plot quadratic, cubic and reciprocal graphs and find the turning points and roots of them |  |  |
| I can calculate the gradient of a curve by drawing a tangent to it |  |  |
| I can understand graph transformations and can use them in problems |  |  |
| I can graph linear inequalities and shade the region which satisfies all of them |  |  |
| I can solve quadratic inequalities |  |  |
| I can find the equation of a circle and tangents to a circle |  |  |
| I can solve linear equations |  |  |
| I can form and solve linear equations |  |  |
| I can solve linear simultaneous equations |  |  |
| I can solve quadratic simultaneous equations |  |  |
| I can solve quadratics by factorising |  |  |
| I can solve quadratics by using the quadratic formula |  |  |
| I can solve quadratics by completing the square |  |  |
| I can use iteration to calculate approximate answers to problems |  |  |
| I can find the next term and nth term of linear sequences |  |  |
| I can find the next term and nth term of a quadratic sequence |  |  |
| I can find the next term and nth term of geometric and exponential sequences |  |  |
| I can answer problems using recursive and special sequences |  |  |
|  |  |  |

## Ratio and Proportion

| Topics | Red | Amber | Green |
| :--- | :--- | :--- | :--- |
| I can find equivalent ratios and write ratios in the form as 1:n |  |  |  |
| I can share amounts into a ratio |  |  |  |
| I can find quantities in a ratio when given one ratio or the difference |  |  |  |
| I can add and combine ratios |  |  |  |
| I can find percentages of amounts with and without a calculator |  |  |  |
| I can increase/decrease numbers by a percentage and calculate percentage change |  |  |  |
| I can calculate simple interest, compound interest and depreciation |  |  |  |
| I can answer reverse percentage problems |  |  |  |
| I can answer value for money problems |  |  |  |
| I can answer ingredients problems |  |  |  |
| I can calculate conversions and use conversion graphs |  |  |  |
| I can answer problems involving direct and inverse proportion |  |  |  |
| I can use exchange rates to calculate currency conversions |  |  |  |
| Geometry |  |  |  |
| Topics |  |  |  |
| I can find missing angles on parallel lines |  |  |  |
| I can find missing angles in polygons |  |  |  |
| I can find missing angles by using circle theorems |  |  |  |
| I can draw and measure bearings and answer bearing problems |  |  |  |
| I can answer problems involving speed, distance and time |  |  |  |
| I can calculate information from speed, distance, time graphs |  |  |  |
| I can calculate information from velocity time graphs |  |  |  |
| I can calculate the area under a graph |  |  |  |
| I can answer problems involving density, mass and volume |  |  |  |
| I can answer problems involving force, pressure and area |  |  |  |
| I can convert between compound measures |  |  |  |
| I can transform shapes using reflection, rotation, translation and enlargement |  |  |  |
| I can describe the transformations that have taken place |  |  |  |
| I can perform a fractional or negative enlargement |  |  |  |
| I can answer problems involving vectors and vector proof |  |  |  |
| I can answer problems involving Pythagoras theorem in 2D or 3D |  |  |  |
|  |  |  |  |

| I can use SOHCAHTOA to find missing lengths or angles in right angled triangles |  |  |  |
| :---: | :---: | :---: | :---: |
| I know my exact trigonometric values |  |  |  |
| I can use the sine rule, cosine rule and area of a triangle to find missing angles and lengths |  |  |  |
| I know the shape and properties of trigonometric graphs |  |  |  |
| I can use a compass to perform constructions and loci |  |  |  |
| I can find the area and perimeters of shapes |  |  |  |
| I can find the area and circumference of circles and parts of circles |  |  |  |
| I can find the volumes of prisms and cylinders |  |  |  |
| I can find the surface area of prisms and cylinders |  |  |  |
| I can find the volume and surface area of pyramids, cones and spheres |  |  |  |
| I can find missing lengths, areas and volumes in similar shapes |  |  |  |
| I know how to prove if shapes are congruent or similar |  |  |  |
| Probability |  |  |  |
| Topics | Red | Amber | Green |
| I can calculate relative frequency, experimental and theoretical probabilities |  |  |  |
| I can use probability tree diagrams to calculate the probability of events happening |  |  |  |
| I can answer problems involving conditional probability |  |  |  |
| I can draw Venn diagrams and use this to calculate probabilities |  |  |  |
| I can use the product rule for counting |  |  |  |
| Statistics |  |  |  |
| Topics | Red | Amber | Green |
| I can find averages from frequency tables and grouped data |  |  |  |
| I can find the upper and lower quartile and interquartile range from a list of numbers, from box plots and cumulative frequency curves |  |  |  |
| I can represent data in a two-way tables |  |  |  |
| I can draw and interpret pie charts |  |  |  |
| I can plot points on a scatter graphs, describe the correlation and relationship, draw the line of best fit and use the line of best fit to calculate values |  |  |  |
| I can construct and compare box plots |  |  |  |
| I can draw and read information from a cumulative frequency curves |  |  |  |
| I can draw and interpret histograms |  |  |  |
| I can estimate the median from a histogram |  |  |  |
